Diversity, Equity and Inclusion

Having an inclusive school culture is at the core of our model.

This means instilling values that create:

- A caring community
- A diverse and inclusive environment
- Respect for the role and voices of our families
- Our school model is diverse by design. We welcome all to the Enspire community.
- Our definition of equity is that every child is given exactly what they need to succeed.
- Our learners will be exposed to literature that is representative of the communities we serve.
- Our staff will be role models reflecting the culture, communities, and families that we serve.

Literacy

There is no more important task in the primary grades than to teach children to read. It is well documented that children who lack the skills to do so struggle in school and through life. The Enspire Academy literacy model includes a core curriculum and interventions with demonstrated results. Our staffing model and small class size are also factors that lead to success. We monitor student progress regularly to ensure that no child falls behind.

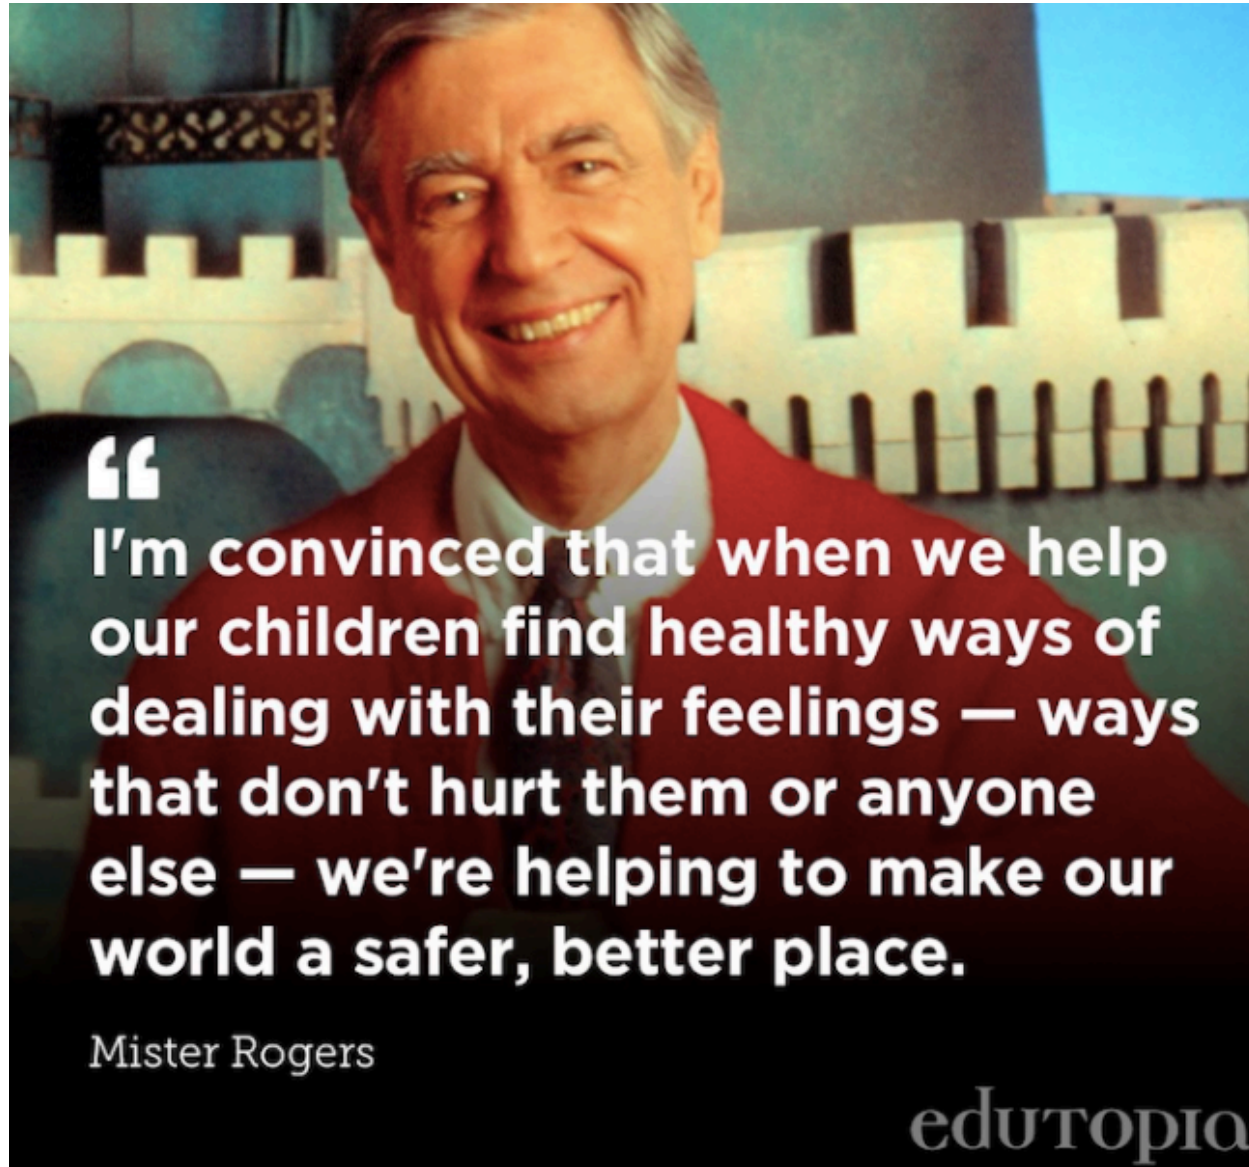

Each of our young learners will have a personalized learning plan that is unique to them and changes frequently based on data, to ensure the needs of each child are met. Families are a critical component of early reading success. We communicate frequently with them and provide on-going opportunities for authentic parent involvement surrounding literacy. Enspire Academy also provides resources and support for learning at home.

“

I'm convinced that when we help our children find healthy ways of dealing with their feelings — ways that don't hurt them or anyone else — we're helping to make our world a safer, better place.

Mister Rogers

Our Beliefs

IF WE
are TO ACHIEVE
TRUE PEACE
IN this WORLD,
IT SHALL HAVE to
BEGIN WITH the
CHILDREN.
- CRAIG KIELBURGER

Our school's vision and mission and our enduring commitment to our students, families, and the East Side community are grounded in seven core values. These values reflect our history and tradition, and our unwavering commitment to hope opportunity, and excellence for all we serve.

People of peace...promoting equity, justice and growth in all our relationships; in the world, we make new for the delight and prosperity of all our children;

A community of gentleness...understanding that encouragement, and genuine respect distinguish classrooms of relevance in a school; the experience of all students and their families;

Committed to respecting and accepting one another...embracing the beauty and diversity of the East Side, lifting up the dignity and individuality of all who are a part of our school community;

Always meeting the needs of our time...designing and delivering a relevant and responsive learning experience that prepares our students well for their unfolding lives in a rapidly changing world;

Dedicated to excellence...in all, we do in the classroom, in the office, and in the community; and most importantly, in our students' life and learning journeys; and,

which
values

PK-2 Free charter school opening Fall 2021 serving our youngest learners and embracing the beauty and diversity of the East Side. A values-based, community school with a focus on early literacy.

Are you concerned that your child fell behind during the past year?

Did you postpone kindergarten due to the risks?

Our innovative
program includes:

Our one-of-a-kind literacy program based on the science of reading offers the promise of literacy for all our young learners. The program includes high-quality teachers and curriculum, 1:1 and small group tutoring, and individual learning plans. We expect all of our learners to be reading at grade level or above by third grade. Enspire Academy will open serving PK as well as grades K-2, adding a grade per year to eventually serve grades K-5.

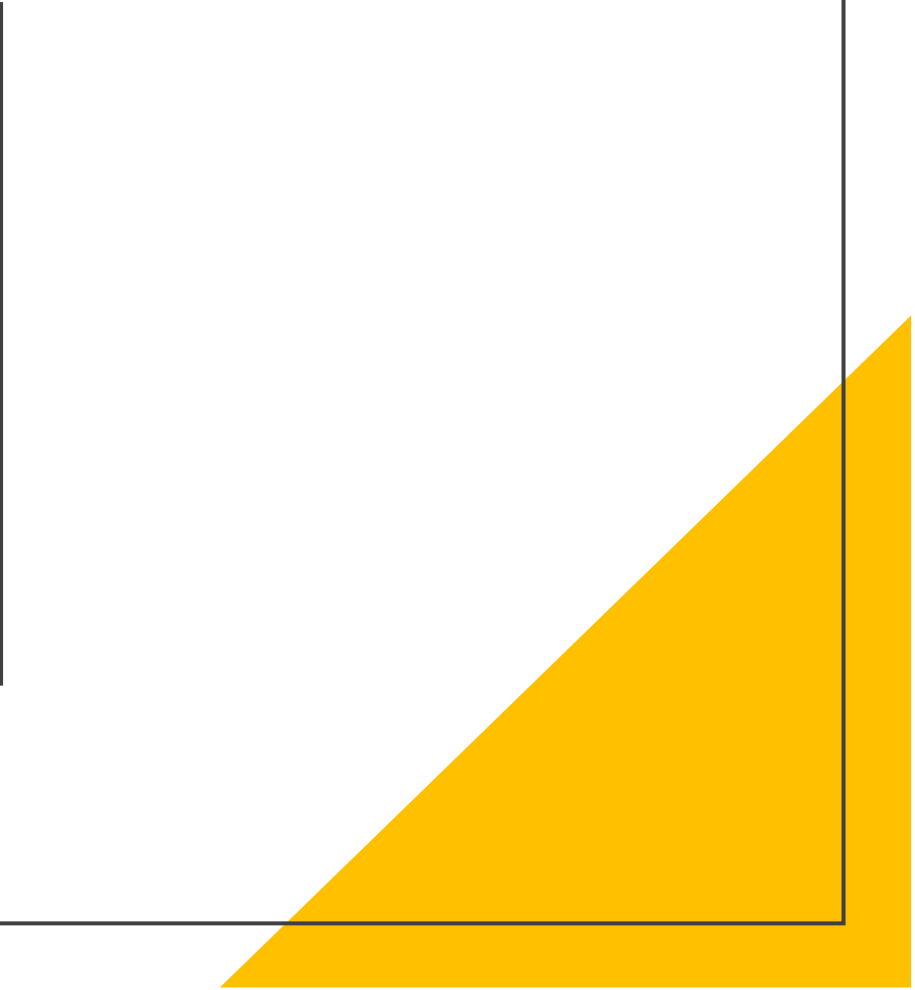

A rigorous curriculum
aligned with Minnesota
standards

An intentional focus on
early literacy to ensure
all children are reading
by third grade

Small group and
1:1 tutoring for all

A school community that
is diverse by design,
embracing the culture
and languages of the
East Side
